# TURKEYS

Kentish Turkeys sold at The Hop Shop are from slow-growing, old-fashioned breeds that provide a succulent flavour. They are reared to full maturity on a natural cereal-based diet, free from antibiotics and growth promoters. The birds are hung for up to 3 weeks in a temperature-controlled room and dry-plucked by hand to ensure the skin becomes deliciously crisp when roasted.

**ALL OUR TURKEYS ARE FREE-RANGE - REARED AND PROCESSED BY DEDICATED FARMER JOHN HOWE IN TENTERDEN**

John provides the very best in animal welfare and this is reflected in the quality of the meat. In daylight the turkeys roam grassy fields, play in dust baths and perch on straw bales, branches and fences. At night they return to the deep straw beds of their barns for warmth and protection.

**THE BRONZE TURKEY** is closely related to the wild turkey both in appearance and taste. In recent years, the popularity of the bronze has risen dramatically, with many people enjoying the rich, gamey taste.

**THE WHITE TURKEY** is a traditional choice with a subtle flavour and lots of white meat.

Allow 0.5 kg per person for one serving or 0.75 kg per person for one serving plus leftovers.

# GEESE

Our Christmas Geese are supplied by Robert and Sorcha Hodge from Gt Baddow in Essex. The birds enjoy natural diets and have the freedom to graze fields and to forage fruit from hedgerows and orchards.

This contributes to their unique and succulent taste that makes them ideal for the festive season. All the geese are slaughtered on the farm, dry plucked, waxed finished and hung in refrigerated storage.

As an APPROXIMATE GUIDE: a 4 kg bird serves 4 people, a 6 kg bird serves up to 8 people.

# DUCKS

British Free range ducks. One duck should feed 4 people.

# PHEASANTS

Reared in the local countryside and naturally free-range! Available fresh or frozen.

# GAMMONS

Our close friends, George and Amanda Streatfeild from Denhay Farms in Dorset, have supplied us as a special favour, with their superb Christmas gammons for over 15 years. What makes the gammons exceptional is that they are dry-cured so they can be roasted. There is no need to soak or boil them!

The gammons are produced from British outdoor-reared pigs and supplied as uncooked boned and rolled joints, either unsmoked or smoked.

# CASTLE FARM BEEF

The Hop Shop's popular home-reared beef has an ever-growing reputation for superb flavour and tenderness. The meat is usually hung for a minimum of 3 weeks so please place Christmas orders as early as possible. Some popular cuts such as ribs or fillets may need to be supplied frozen to accommodate demand.

# ORDERING AND COLLECTION

Please place your orders as soon as possible. A deposit of £10 is taken per item where appropriate.

PRE-ORDERED ITEMS AVAILAIBLE FOR COLLECTION ANYTIME: BEEF, PHEASANTS, DUCKS, CHICKENS, TURKEYS, SAUSAGES, BACON AND CHIPOLATAS.

GAMMONS WILL BE AVAILABLE FROM MID DECEMBER.

Christmas orders which include turkeys or geese will be ready for collection on THURSDAY 22nd and FRIDAY 23rd DECEMBER, 9am - 5pm.

(Other Christmas meat orders should be ready on Wednesday 21st but please telephone beforehand to check).

Please note: WE ARE CLOSED OVER THE CHRISTMAS AND NEW YEAR HOLIDAYS from SATURDAY 24th DECEMBER to SUNDAY 1st JANUARY INCLUSIVE.

"The turkey was absolutely fantastic. We will certainly be ordering another next year."  
-Tessa and Paul

"The beef was out of this world."  
- Mrs Maunder
